

December 2021

For nearly 20 years the Ralph and Mary Regula Center for Public Service and Civic Engagement at Mount Union has educated students, served the community, and honored the legacy of the late Ralph and Mary Regula. In 2022 we are looking to continue to expand and will be hosting an inaugural Regula Center Annual Luncheon and presentation of two new awards recognizing Stark County Leaders for their dedication to public service and community service.

Since its inception, the Regula Center has expanded its scope to include campus-wide community service endeavors, ongoing voter registration and education, support of various community projects, and opportunities for students to learn about careers in public service. Annually the Center mobilizes more than 800 volunteers, works alongside more than 30 community non-profit and agency partners, and continuously hosts educational opportunities for students and the community at large.

We are looking to thank those of you who helped get us to where we are while continuing to expand our programming and educational efforts to prepare the next generation of civic minded leaders.

To do so we are reinventing our annual meeting to be an event that recognizes our Regula Scholars, celebrates donors, provides programming updates, and honors leaders in our community who emulate the ideals of the Regulas. The two new Regula Center awards are currently accepting nominations online and we are looking forward to celebrating those who are making positive change in the community. To learn more about the awards and successes of the Center visit [www.mountunion.edu/regula-center](http://www.mountunion.edu/regula-center).

As a valued partner of the University and the Regula Center, we ask that you consider joining us to make this new event a success. A sponsor request is enclosed for the luncheon and awards presentation which will take place on March 1, 2022, at noon at the Alliance Country Club.

Funds from sponsorships will allow the Center to continue being responsive to community needs and teach through meaningful hands-on experiences. We are dedicated to expanding programming that will create the public servants and community leaders who will transform communities and change lives.

Three levels of event sponsorship are available and outlined on the enclosed agreement. Each level will include tickets to the lunch and will be tax-deductible with the exception of the catering fee.

Thank you for your commitment to supporting the Regula Center and for your consideration of this new opportunity. We will follow up in the next several weeks. In the meantime, please feel free to contact me directly with any questions or concerns.

Sincerely,

Abby Honaker Schroeder, MPA
