¹Lecture is a class during which information about a particular subject is conveyed. Students are engaged in one single activity moderated by the instructor(s) throughout most of the meeting time.

²Lab is a smaller, individual course component that supplements larger lecture classes and allows for hands-on, practical exposure to subject matter. Students are engaged in individual, or group activities supervised by the instructor(s) throughout most of the meeting time.

³Online courses are ones in which all instructional content can be completed remotely. Students may have some non-instructional in-person requirements.
