Bruce Sumwalt, Director, Institutional and University Solution of Mattlin-Hyde Piano Company Cleveland is proud to welcome University of Mount Union to a unique partnership with Kawai Piano America through the Kawai Institutional Loan Program. Kawai America has supported universities across North America with new pianos that are needed in critical areas of their music department. Schools are loaned a selection of pianos for use in the institution's classrooms and performance venues. The loan usually lasts for up to two years with the school having the option to purchase some or all of the pianos at the end of each school year. Schools have the option of renewing the loan. Remaining pianos are then sold to students, staff, and alumni of the school during a weekend event. Other schools, churches and the public are also invited to participate in the sale. For more information about this program please contact Bruce Sumwalt at bruce@mattlinhydepiano.com.

So that everyone in the audience may enjoy the performance, please leave and re-enter only during applause breaks and please turn off cell phones, pagers, and signal watches. Children not enjoying the program are welcome to be entertained by the campus lakes.
