

Dr. Kristine Turko, BCBA, COBA

Dr. Turko is a professor of psychology and director of the Spectrum Education Center at the University of Mount Union. She earned MS and PhD degrees in Psychology at Lehigh University, and a BS degree in Psychology at Drexel University. Dr. Turko is a Board Certified Behavior Analyst and is licensed to practice in the state of Ohio. Kristine's research interests include: best practice for autism intervention in adult populations, and effective autism intervention training and education models for undergraduate students. Kristine loves to support kids with autism in creative ways to help develop socially significant skills.
