What can a librarian help me with?

Reference Questions

Finding books and articles. Database recommendations. Advice and suggestions. Whatever you need help with.

Reference Consultations

An appointment where we can look at your project in greater depth. Perfect for when you don't know how to get started or with large research projects

While consultations can be walk-in, we encourage you to schedule so we can look at your topic ahead of time and hit the ground running

Research Fundamentals

Refreshers on how to approach your search, searching databases effectively, and other strategies

General Assistance

Librarians help keep KHIC running. Supplies, printer problems, directions. Let us know and we'll do something about it

*If you are unsure whether to ask a librarian, **ask anyway**. If we don't have the answer, we can direct you to someone who does.*
